## CONFLICTS OF INTEREST

- **The Referral Rewards Program** – Subject to certain qualifications and restrictions, the Firm will make payments to affiliated financial professionals for referrals of unaffiliated financial professionals. For each qualified referred financial professional who affiliates with the Firm, the referring financial professional will receive up to 3% of the referred financial professional's trailing 12-month production and up to 3% of the referred financial professional's first 12 months of production. The Firm is responsible for these payments and the payments to the financial professional are not a portion of the fees and/or commissions you pay. Your financial professional's status as a referring financial professional is not a conflict to you because if referring, the referred financial professional's production is unrelated to your account. Your financial professional's status as a referred financial professional is not a conflict to you, because your financial professional is not compensated specifically for being part of the Referral Rewards Program.

- **The Retention Program** – In very limited situations, the Firm provides compensation to certain financial professionals who have been affiliated with the Firm for many years and are profitable to the organization. Although there is no production requirement for these limited situation loans, the loan does create a conflict of interest by requiring the financial professional to retain their affiliation with the Firm in order to avoid repayment of the loan.
- **The Custodial Net New Asset Program** – We will make additional annual payments to financial professionals of up to 20 basis points (.20%) on all net new assets (new assets brought in minus assets that transfer out) added to our customer accounts custodied with NFS. The Custodial Net New Asset Program provides an incentive for your financial professional to select NFS as the custodial location for your brokerage accounts because compensation is paid to the financial professional (rather than a custodial location at an investment sponsor which would not result in additional compensation).
- **The Select Advisor Program** – Some financial professionals have been selected to participate in a program whereby they will receive up to 30 basis points (.30%) on all net new assets added to our customer accounts custodied with NFS. Net new assets (“NNA”) is defined as contributions to existing accounts and transfer of new client assets onto our custodian NFS, less distributions or outbound transfer of assets from this custodian. Eligibility for the program will be based on NNA custodied with NFS between April 1 and March 31 with payments generally being made in April of each year. If total NNA during this 12-month period is equal to or greater than \$5 million, but less than \$10 million, the financial professional will receive a one-time 20 basis point (.20%) payment. If total net new assets during this 12-month period are equal to or greater than \$10 million, the financial professional will receive a one-time 30 basis point payment tied to a 3-year forgivable note that will be forgiven in equal one-year portions each year based on the financial professional’s continued affiliation with the Firm. The Select Advisor Program provides an incentive for your financial professional to select the NFS custodial location for your brokerage accounts because compensation is paid to the financial professional (rather than a custodial location at an investment sponsor which would not result in additional compensation).
